Our colleagues provide our clients in over 120 countries and sovereignties with advice and solutions that give them the clarity and confidence to make better decisions to protect and grow their business.

Through our experience, global reach, and state-of-the-art analytics, we are better able to help clients meet rapidly changing, increasingly complex and interconnected challenges across four areas of need:

Working as One Firm

The Power of Aon United

Delivering Aon United (DAU)

Our DAU strategy defines how Aon colleagues work together to deliver value to clients and sets a new standard for client leadership. DAU is brought to life through our common client value creation model, which scales strategies from across the firm that have helped teams bring the best of the firm to clients.

Innovation at Scale (I@S)

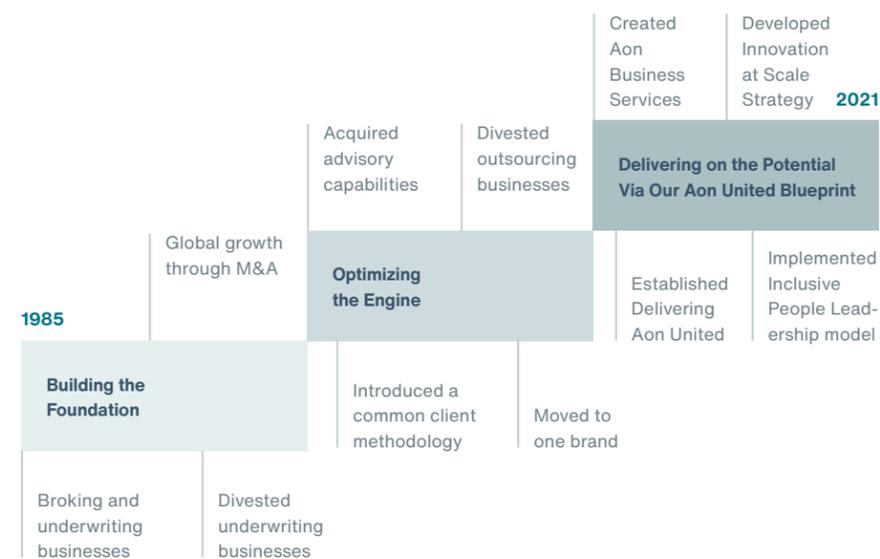

Our I@S strategy applies a common content and capability development methodology and set of global standards in three areas of innovation: within our solution lines (core), across solution lines (core+), and making net new enterprise-level big bets through Aon New Ventures that expand our addressable market.

Inclusive People Leadership (IPL)

Our IPL strategy ensures that all colleagues — at every stage of their journey — are equipped and motivated to model our Aon United values and behaviors. In doing so, it creates a culture where Aon colleagues engage one another in a manner that enables all of us to achieve our full professional potential.

Aon Business Services (ABS)

Our ABS strategy creates globally scaled operational and technology capabilities and connects them to our clients. ABS makes Aon easy to work with, delivering differentiated client service, supporting colleagues, and enabling rapid solution development and innovation.
